# SCHOOLPRO TLC CARBON REPORT

## 2021 - 2022

**SchoolPro TLC**
Leadership Capacity

As a small business, we understand the importance of taking action on climate change and reducing our carbon footprint.

This report is the start of the process to track our progress and benchmark our efforts to Net Zero against industry standards.

We are committed to our efforts to reduce our carbon footprint and make our business more sustainable. We believe that this is not only the right thing to do for the environment, but also for the whole SchoolPro TLC family.

## Carbon Footprint by Emission Source

**(t $CO_2$e / yr)**

**40.7**

| Travel | Accommodation | Subsistence | Digital Services | Insurance | Banking | Print Supplies |
|--------|---------------|-------------|------------------|-----------|---------|----------------|
| 4.8 | 16.8 | 0.3 | 17.5 | 0.2 | 1.1 | 0.0 |

## Key Foci for Action

**1** Review business travel and identify low carbon options and travel alternatives

**2** Investigate carbon neutral accommodation options for client visits and conferences

**3** Explore low carbon digital services such as carbon neutral cloud storage and hosting platforms
